[Talent Steering Committee Co-Chair's Statement Regarding Blinn/TEEX Announcement](#)

By Hayden Paul | Dec 13, 2016

As Steering Committee Co-Chairs of the Brazos Valley Talent Initiative, we are enthusiastic about today's announcement between the Texas A&M University System and Blinn College for Blinn to work with TEEX to identify local workforce and technical training facilities and local TEEX training programs through Blinn College. From the beginning, our steering committee's primary goal has been to rapidly expedite career and technical education in Brazos County. The Memorandum of Understanding between Blinn and...

[Research Valley Companies Initiate Process for International Expansion](#)

By Hayden | Dec 8, 2016

RESEARCH VALLEY, TX ? Corporate officers from Essentium Materials and Exothermix signed Memorandums of Support with the Research Valley Partnership's economic development partners from Belgium on Wednesday. The signing of these Memorandums is part of the ongoing Belgian Economic Mission to Texas led by Her Royal Highness Princess Astrid.

Formed in 2013, Consultant Connect was established to provide a platform between leading economic developers and location consultants to gain transparent feedback, invaluable insight and relationships. The Economix event did just that. I was honored to be representing the Partnership.

Bob Burg, the acclaimed business author and champion of relationship business once wrote, "All things being equal, people will do business with those people they know, like and trust." This is a key case in the economic developer - site selector relationship.
